

## Primordial Radio Call of Duty : War Zone Tournament

The format for this competition will be team's comprising of 3 players, held over five games, with points awarded for placement and combined team kills.

There will be 2 ticket options available to you, a £10 solo entry ticket and a £30 team entry ticket

If you select a £10 solo ticket you will be paired with two other random solo entrants on the day of the event.

If you have selected the £30 team ticket you will need to have sorted out your team in advance and tell us who (team name, player's names and gamer tags will need to be provided) and you will all be entered into the competition as a Complete team.

We will be using the Prfam discord server for our competition communication's, and at least one of your team members WILL NEED to be on the Prfam discord server.

The scoring will work as followed (If there are more than 15 teams, we just bump 1st up by 25 points and so on, so last always has 50 points)

- 1st place will get 350 point
- 2nd 325 points
- 3rd 300 points
- 4th 275 points
- 5th 250 points
- 6th 200 points
- 7th 175 points
- 8th 150 points
- 9th 125 points
- 10 100 points
- 11th 90 points
- 12th 80 points
- 13th 70 points
- 14th 60 points
- 15th 50 points

You can also get extra points for killing other competitors. One kill will get you one extra point.

Due to the unique way that Call of Duty works, we will need a member of your team to take a screen shot/picture of your teams end kills and placement, and this will need to be posted into a thread (It will clearly be marked) in the Prfam discord server so that our official score keeper can award your team the correct point's and update your standing.

- You will have 10 minutes from the end of the game to the start of the next game to submit your screen shot or picture into the thread on the Prfam discord.,
- If you fail to do this in the allotted time your teams scores from that game will not be counted and you will be awarded points for last place.

In the event of a draw at the end of the five games for one of the prize-winning places, we will run a 6th game where only the team's that are drawing scores will count, to decide their final placement.

We will not tolerate cheating in this event, and we will class and 3rd party applications or hacking of the game, to give you or another competitor an advantage.

Game feeds will be randomly monitored and, if it is believed that you or a member of your team has cheated, you will be ejected from the competition and your entry fee will NOT be reimbursed to you or any member of your team, and the judges have the final word on this matter.

The prize money will be split over the top 8 teams at the end of the competition, so you don't need to come first to be a prize winner.
